(4) It was observed the grammabha that the inclusion of a village in ESA of western ghats implied that thermal power plants, red category, polluting industries, mines and building projects larger than 20000 sq. meters would not be permitted. It was further understood that no projects would be permitted in a village within ESA of western ghats. Hence the grammabha accepted the proposal. It was agreed that a majority of the villagers were in favour of the prohibitions and also of the mandatory approval of the grammabha.	
(5) It was also observed that the restricted activities were only related to hydel power projects and orange/white category of polluting industries. It was therefore agreed by the grammabha members that all the prohibitions and restrictions in the ESA notification were beneficial the local communities.	
(6) In view of the above stated observation the grammabha of Tolem Pisem village Pernem unanimously resolve that A. Tolem village shall be retained in ESA of the western ghats and that
